# THE ROLE OF RESOURCES IN THE DEVELOPMENT OF THE NORTHERN TERRITORY

Dr Ian Scrimgeour, NT Department of Mines and Energy

# NT Industry Development Strategy

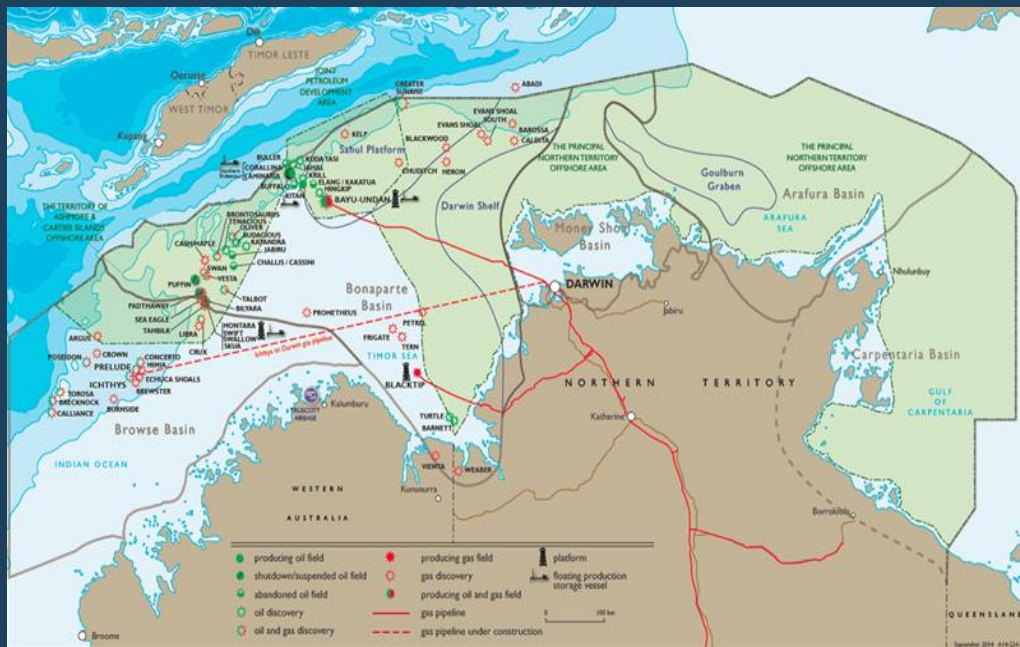

- Advancing the development of Northern Australia is a key priority
- Strengthen the Territory's role as the gateway between Australia and Asia: develop the NT as an investment destination and a supplier of quality goods and services
- Minerals and energy resources identified as key priority

# Prospects Are Strong

- Offshore NT has globally significant energy resources and prospectivity
- NT is working with proponents of identified major projects to promote further development
- Several options for backfill Darwin LNG and other growth opportunities

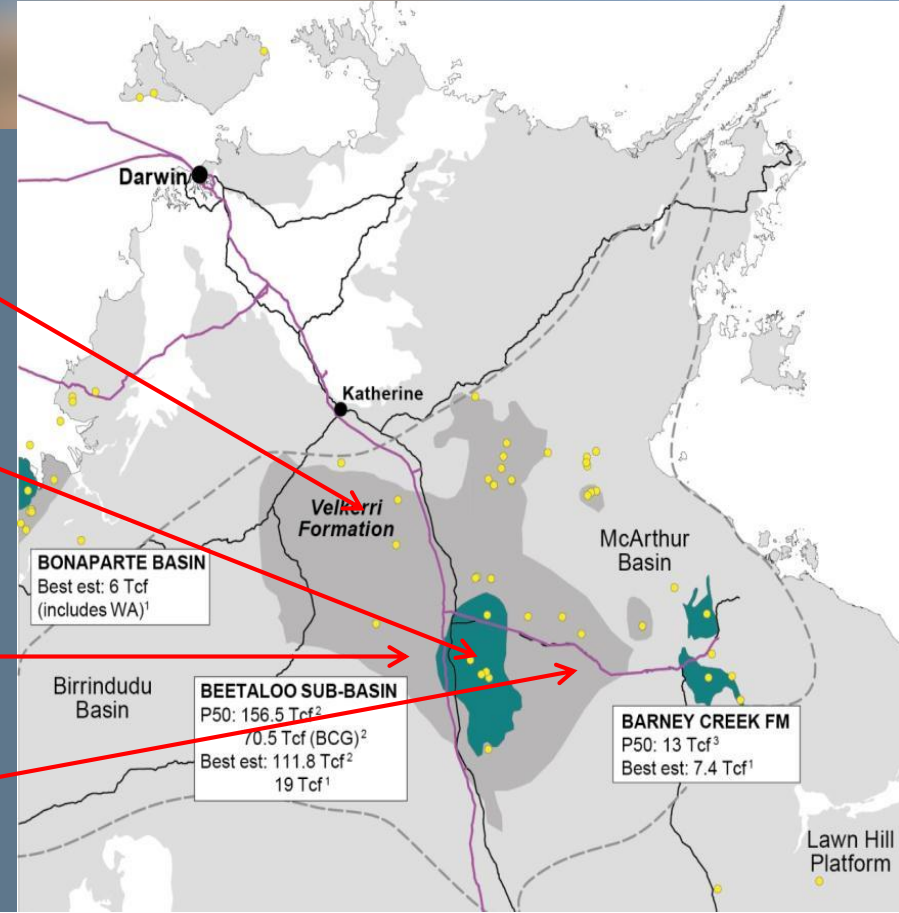

# Onshore potential

**Pangaea Resources** - 3 wells drilled in 2014, 4 drilled in 2015

**Origin Energy-Sasol** - 9 wells, \$165M exploration and appraisal program starts 2015

**Inpex** – Application in process

**Santos** - 4 km deep well in 2014 intersected prospective shale gas targets

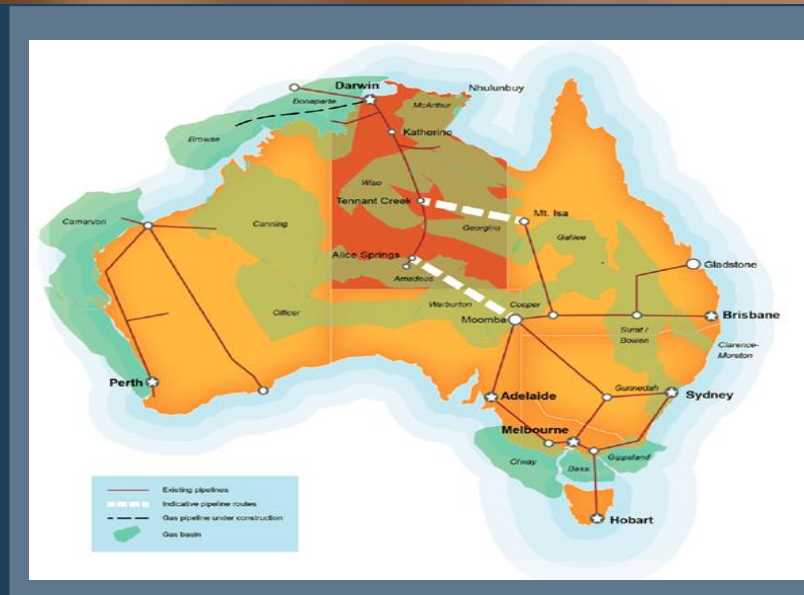

# Supporting Infrastructure

- Substantial infrastructure investment needed to ensure pathway to market for a growing onshore and offshore oil and gas sector
- Connection to the East Coast Gas Market a key enabler
- \$110 Million purpose build Darwin Marine Supply Base

# Operating Mines

GLENCORE

Newmarket Gold

RioTinto

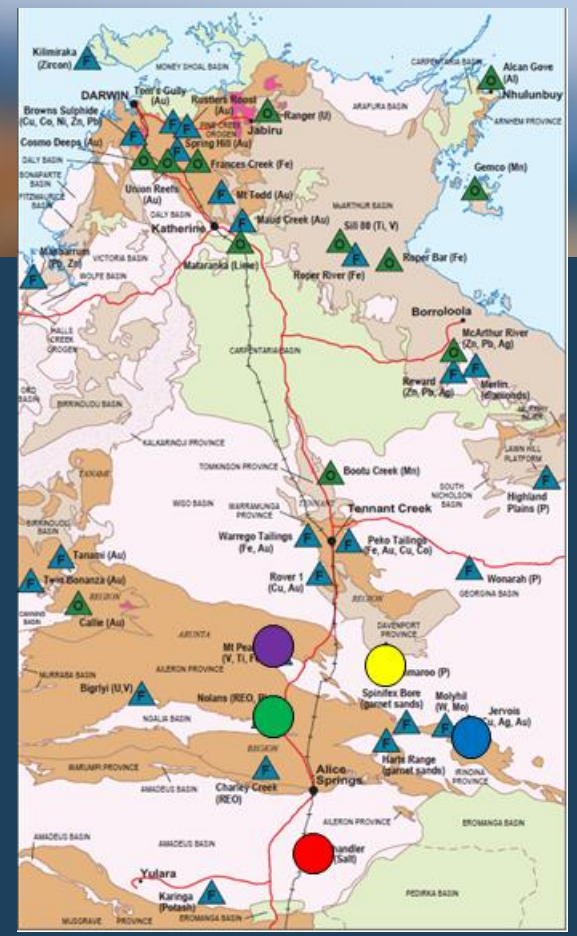

NEWMONT.

- McArthur River (Zn-Pb-Ag)
- Ranger (U)
- Old Pirate (Au)
- Tanami (Au)
- Gove (bauxite)
- Gemco (manganese)
- Cosmo Deeps (Au)
- Bootu Creek (manganese)

# Developing projects seeking investment

- **Rum Jungle Resources** – 1.14 Bt phosphate resource at Ammaroo
- **TNG Ltd** – 160 Mt vanadium magnetite resource at Mount Peake
- **KGL Resources** – Growing copper resource at Jervois polymetallic deposit
- **Arafura Resources** – Large REE resource at Nolans
- **Tellus Holdings** – >4 Bt underground salt resource

# An exciting time for minerals and energy in the Northern Territory

- **Pro-development Government**; regulatory certainty
- Pipeline of emerging mining projects and associated infrastructure
- **Highly prospective** shale gas, oil and diverse minerals opportunities
- World-class, publicly available geoscience data
- Commitment from NT Government to **support Taiwanese investors** in identifying suitable opportunities
